

Walter Vincenti

FULL STACK DEVELOPER

www.waltervincenti.com

SUMMARY

Recently graduated full-stack developer with a background in media looking to kickstart their career change in the tech industry. Currently based in Italy, UK full-settled status holder, available to work throughout all of Europe.

- IT Career Switch Full Stack Development course completed.
- BA (Hons) in Contemporary Media Practice from the University of Westminster, London, UK.
- 7+ years of experience in the media industry as a photographer and videomaker.

I look forward to using my newly acquired coding skills and understanding of various technologies to develop full-stack applications and to joining a great team to support and learn from.
